

Linear Art Design

Instruction: Graph each line on a graph paper. Use a ruler to draw the lines straight. Then when see stop, stop and connect the lines. Color when your done!

$$\diamond y = \frac{4}{3}x + 4$$

$$\diamond y = -\frac{7}{4}x + 4$$

$$\diamond y = -2x - 12$$

$$\diamond y = \frac{10}{9}x - 12$$

$$\diamond y = \frac{2}{1}x + 13$$

$$\diamond y = \frac{7}{3}x - 13$$

$$\diamond y = \frac{4}{3}x + 20$$

$$\diamond y = -\frac{12}{11}x + 20$$

$$\diamond y = -\frac{3}{4}x + 21$$

$$\diamond y = 16$$

$$\diamond y = -15$$
